Provisions for future use and maintenance

The municipality has undertaken a comprehensive project for the maintenance and use of the Bazaar in a manner consistent with the project goals. Though each building is still privately owned, use of the building is restricted to specified business from among the following categories:

- Hotels and inns
- Restaurants, bars, cafes and bakeries
- Artisanal products and souvenir shops
- Tourist agencies and information centers
- Art galleries, jewelers and florists
- Bookshops and stationery stores
- Music shops
- Antique shops
- Traditional medicinal and herbal shops
- Pharmacies, cosmetic and tobacco shops
- Banks, ATMs and mobile cellular shops
- Eyeglass shops
- Children's playgrounds

The management stage of the Bazaar is currently underway, in which the Municipality is managing the process of attracting these new types of business into the city through a combination of incentives including zero local tax for the first year of operation, professional consultation for business operation and interior and graphic design, access to low-interest credit, membership in the newly opened Tourist Improvement District (TID) covering the Bazaar, as well as cash grants for each businesses in a maximum of € 20,000.
