RIVITALIZIMI I PAZARIT TE VJETER KORÇE
(REVITALIZATION OF THE OLD BAZAAR OF KORCA)

The Old Bazaar of Korca, created more than 500 years ago, is one of the oldest existing cultural monuments in Albania. Consisting of more than 100 buildings, it has significant historical, cultural, architectural and artistic value for the entire country.

STAGES OF IMPLEMENTATION

Phase 1: October 2014 - October 2015 (10 building blocks)
Phase 2: October 2015 - June 2016 (16 building blocks and inns)
Phase 3: June 2016 – December 2017 (final 7 building blocks and squares of the Bazaar)

TOTAL COST OF INTERVENTION
4,000,000.00 EURO

AIM OF INTERVENTION

• Restoring the historical, cultural and aesthetic value of the Old Bazaar to its prior status.
• The creation of a tourist destination for local and foreign tourists, thereby establishing sustainable economic growth for the city of Korca.
• To recreate a public space and collection of buildings with historical architectural values from the past, while also creating a new vision for the future.

The revitalization of the Bazaar continues, with programs and support from the municipality underway to attract new businesses such as cafes, hostels, restaurants and galleries, bringing tourists and community members alike into a newly created center for the town.
