ELTHAM HIGH STREET, LONDON

Location: Eltham, London
Client: Greenwich Council
Project dates: 2014-2017
Project size: 32,000m²

Eltham High Street is not just a London street, it is a town centre of historic and community significance.

The public realm scheme aimed to support the diversity of the economy of the High Street by helping to link up its different parts. The project aimed at improving the High Street in all its diversity, smoothing traffic and enhancing character at all scales.

Right: Art Deco interior of the nearby Eltham Palace and the distinctive Victorian 'exotic' planting within Eltham’s Well Hall Pleasaunce. Diagram on right: Eltham High Street is set across an elevated plateau, the London town centre can still be experienced as a link between London and the vast green spaces of Kent. Below: General Arrangement Plan. (Scale approx 1:1600)
