Legal counselling office of which objective is to give support to the vulnerable situation of the inhabitants of Cañada Real Galiana. The advocacy office is mobile, a portable architecture of ephemeral character. With this it was intended to put closer in a direct and immediately way, the legal assistance to the affected neighbors of Cañada Real.

Meeting space for local groups associated with a play area for children. As usual this is a poor draft and all the material was recycled works and disposals of materials from neighbors. A small intervention that form the basis for future implementations was raised.

The initial proposal was destined to set up an equipment with educational character, giving support to the volunteers and social workers. Nowadays is a multi-use space used as a logistic center, being the base of the food bank.
