

Urban Space 100 is a social enterprise in the format of a restaurant.

The main idea of the project is to create a restaurant in Ivano-Frankivsk, which will be a successful example of combining socially active people around the idea of city development. 80% of the profit of the restaurant is spent exclusively on implementation of social projects for Ivano-Frankivsk. 100 progressive people who were interested in the idea of qualitative development of the city space founded the restaurant. The founders decide which project to support and for now 10 city development projects were supported.
