SINTESI CONCETTUALE PROGETTO

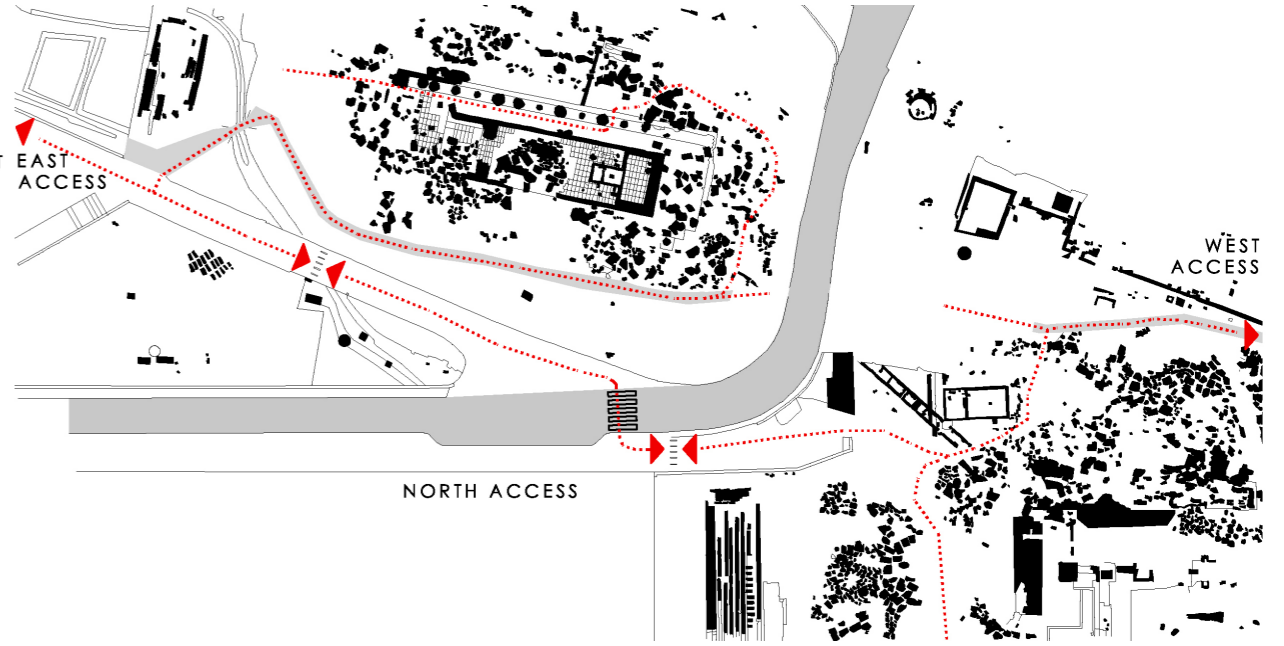

The main purpose of the pedestrian walkway is to restore unity to the path of the archaeological park, divided by the crossing of the highway 118; and allow a safe use of the park, giving the visitor (400.000/year) the perception of this as a unique and organic whole.

BEFORE

- BAD CONNECTION OF THE 2 AREAS
- COMPLICATED LOGISTIC IN AND OUT
- DANGER FOR VISITORS CROSSING THE STREET
- INTERRUPTION OF THE TRANSIT OF THE CAR

AFTER

- FLUIDITY OF THE TRANSIT OF THE ROAD
- SAFETY OF VISITORS
- DIRECT CONNECTION OF THE 2 AREAS
