

What does MIAU mean?
Miau is the acronym for “Museo Inacabado de Arte Urbano”, which would translate as “unfinished museum of urban art”, but in Spanish it is also the name for the cat’s meow.

museo inacabado de arte urbano

Fanzara is a small inland village, situated in the area of Alto Mijares. The village is surrounded by mountains, has a river, the Mijares, some vegetable production fields, two pubs, a shop, a butcher, a bakery, a hairdresser and a primary school attended by 18 children. Fanzara has 323 inhabitants, most of them elderly or very elderly people.

The project involves transforming the whole village into a museum, where artworks are exhibited in the squares, the streets and on the walls. A space where the creative process and workshops happen in the streets, at everybody’s reach, a space where artists and citizens interact.
