

1. Link between the city and its river
Nautilus, as an urban piece of infrastructure is giving a direct access from the street level to the riverside.

2. Segment of a theater
Due to the slightly incurved staircase, Nautilus invites people to use its steps as benches, while watching an intimate performance or screening.

3. Drive-in Cinema
Nautilus street facade can be used for projections, screenings and performances and can host up to 100 people.

4. Talks and events
Nautilus' bow provides a smaller and inclosed space, to welcomes talks, intimate lectures and solo performance.
